Claims 1-10 are pending.

***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Ex parte Quayle Action***

2. This application is in condition for allowance except for the following formal matters:

***Specification***

- a. The disclosure is objected to because of the following informalities: (a) the specification has numerous grammatical errors, which should be revised carefully; for example: throughout the disclosure reference to "reduce flutters" should be changed to "reduce flutter". Appropriate correction is required.
- b. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.
- c. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

***Claim Objections***

- d. Claim 3 is objected to because of the following informality: (a) claim 3, line 5, the phrase "the outer opening is an opening, which allows..." should be changed to "the outer opening allows..." for simplicity. Appropriate correction is required.

3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

***Allowable Subject Matter***

4. Claims 1-10 are allowable over the prior art of record.
5. Full Reasons for Allowance will be provided upon allowance of the application if deemed appropriate at that time.
